Finally, Mr. Speaker, thank you to Overland Park Fire Department Chief Bryan Dehner and all of the firefighters in Kansas who came together to contain the largest fire in Overland Park history.

#### AMERICAN HEALTH CARE ACT MAKES US INSECURE

(Mr. PANETTA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PANETTA. Mr. Speaker, I rise today in opposition to the American Health Care Act and the repeal of the Affordable Care Act.

Since the passage of the Affordable Care Act 7 years ago, in my district, the uninsured rate has dropped from 19 percent to 9 percent. In my district, there has been the creation and the funding of 6,500 jobs in local hospitals and rural healthcare clinics.

Yet, despite this progress in my community and across our country, the majority wants to replace the ACA with a quickly and carelessly crafted AHCA.

If the AHCA becomes law, in my district, 56,000 people will lose their healthcare coverage. In Salinas, hard-working families will pay more than \$3,000 for healthcare coverage; and in Santa Cruz, low-income senior citizens will be stripped of \$10,000 worth of subsidies.

Yes, the ACA does have its faults, but we should come together to thoughtfully fix it. But it is not just about money; it is about people. And it is not just about people; it is about the security that the ACA provides people to live their daily lives.

Mr. Speaker, the AHCA makes us insecure, and that is why I am voting against it.

#### ACA AND THE STRONGER GENERATION

(Ms. CLARK of Massachusetts asked and was given permission to address the House for 1 minute.)

Ms. CLARK of Massachusetts. Mr. Speaker, the President and I do agree on one thing: designing a healthcare system is complicated.

But the effects of TrumpCare are as simple as they are devastating: 24 million hardworking Americans will lose their coverage; your healthcare costs and premiums will go up, and your coverage will go down; and for those of us between the ages of 50 and 64, we are about to be hit with an age tax just when we need coverage the most, just when we are trying to help with college tuition and save for our retirement. As we face an opiate crisis in this country that takes 120 American lives a day,

TrumpCare will close the door on treatment for over 1 million Americans.

Our President tells us that he is a dealmaker. This is the ultimate bad deal for the American people, and we should reject this bill.

#### STAND AS PATRIOTS AGAINST TRUMPCARE

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JACKSON LEE. Mr. Speaker, this morning I came in contact with two mothers of two young boys who are homebound with catastrophic illnesses. My heart broke as I listened to them say: The only way that I survive to see their happy face and I can work is because they have insurance through extensive Medicaid.

And so I come today to ask my friends on the other side of the aisle not to worry about threats about losing your office or your job. This is about patriotism and being an American. Vote against this horrible TrumpCare debacle that will create higher cost, less coverage, and an age tax that will hurt the old and devastate the young.

This is a time for the flag to be waved and for patriots to stand and to be heard across America. Vote down TrumpCare not for self and selfishness, but really to be able to stand with those who cannot help themselves.

I wanted to embrace those mothers as a mother, as a grandmother, because we are giving life to those beautiful children, now 9 and 10, living because they got health care under the Affordable Care Act. Stand as a patriot against TrumpCare.

#### WINNERS IN TRUMPCARE BILL

(Mrs. DAVIS of California asked and was given permission to address the House for 1 minute.)

Mrs. DAVIS of California. Mr. Speaker, I understand that major laws often have winners and losers. Unfortunately, I am struggling to figure out who wins under this healthcare plan.

We have seen who stands to lose: 24 million fewer people will have insurance; States will lose billions, forcing painful cuts to education and other services; California, alone, will lose \$6 billion in 2020 and much more in the years that follow; hospitals and clinics will have to cut back on services and investments.

So, who are the winners? It is hard to find any, except, of course, for insurance companies and millionaires who will get almost all of the tax relief included in this package.

Do Americans really think that we should pass a bill that cuts coverage in order to give millionaires an average tax cut of \$49,000?

We can do better. I hope we will.

#### BEWARE OF TRUMPCARE

(Mr. CÁRDENAS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CÁRDENAS. Mr. Speaker, I stand here with this simple explanation about what TrumpCare really means for Americans: You pay more for less care.

Twenty-four million Americans will lose the access to health care by losing their insurance. It is an age tax on older Americans; and it guts Medicaid that not only goes to seniors now, it goes to young people as well, young families.

But it is also a huge tax cut for millionaires.

If you look at TrumpCare, you realize the great supposed negotiator actually has a great reputation of being the great bankrupter.

What this TrumpCare will do: It will affect tens of millions of Americans, and it will put them into misery, take away the dignity of health care and put them in a place that no one should ever have to be: lacking the dignity of being able to see a doctor. This is going to send us back to the Dark Ages.

You probably think I am exaggerating, but when you look at these facts, you realize that is just the truth. These are the facts.

Beware of what you are being sold. This is not going to help America.
